Action of Our City Banks

We are glad to learn that at a meeting of the officers of our City Banks, held on Saturday evening, at the Farmers & Millers Bank, it was decided to receive and pay out the bills of the suspended Banks in this State, precisely as other currency. As the circulation of our Wisconsin Banks is well secured, this action of our City Banks is not only right in itself, but will prevent a great deal of difficulty and embarassment that might otherwise occur. Our City Banks are in good condition, and deservedly enjoy the confidence of our business public.

The Money Panic East.

The telegraph, on Saturday, announced a general suspension of specie payments by the Banks of Baltimore, Wheeling, Washington, Pittsburgh, Harrisburgh, &c., and a partial suspension in Philadelphia. New York, however, still stands firm and so does Boston, and if the N. Y. Banks do not yield to the pressure—as we think they will not—the storm will soon blow over. For the present, however, all kinds of business suffer, and the stringency in the money market is extreme. It is a time when it behoves all to husband their resources, keep their affairs snug and practice a rigid economy. It is a time, too, when it becomes creditors to exercise as much forbearance as possible towards their debtors, instead of forcing them to the wall. The country is rich and prosperous and times must mend, ere long.

Two More Banks Suspended.

The *Badger State Bank*, at Janesville, suspended on Saturday last. Its circulation, on the 1st of July last, was $22,370, which was secured by $17,000 of Missouri 6s and $9,000 Tennessee 6s—total $26,000.

The *People's Bank*, of this city, very unexpectedly closed its doors Saturday afternoon.—Its circulation was $19,997, which is secured by $20,000 Georgia 7s. We are assured by the President, Mr. HASTEDT, that the assets of the Bank are amply sufficient to meet all its liabilities.

Statement of the People's Bank.

The People's bank suspended payment Saturday afternoon. By a resolution of the board of directors, an assignment was made in favor of the creditors of the Bank. We understand that the Bank will be in a short time fully able to pay its liabilities. Annexed we publish a statement of the finances, made after the Bank had suspended.

The main cause of the suspension, was a large amount of discounts made by the Bank, which were not paid when due, and the withdrawal of deposits under the present money crisis:

LIABILITIES:		
Due to Depositors,	$30,450 22	
Bills payable	6,000 00	
Due to Bankers and others	8,892 37	—45,342 59
Circulation		19,997 00
Capital Subscribed 56,000 of which is paid in		25,590 00
		$90,929 59

N. B.—The profit and loss account shows a gain of about $2000 since the re-organization.

British Minister Assassinated.

The Hon. S. H. Sullivan, the British Minister at Lima, Peru, was assassinated the afternoon of August 11th. He was sitting at dinner with Mr. Cheeseman and a lady, when a stranger entered and met Mr. Sullivan face to face, who, rising up, demanded "What do you want?" The answer was the discharge of a blunderbuss directly in the groin, and the exclamation "Now I am revenged." The assassin escaped. He had three or four confederates in the street.

Before Mr. Sullivan's death he declared that he did not know the assassin or suspect the cause of the attack. By some it is conjectured that he was murdered on account of the British interference in the matter of the Tumbes and Los; while others, particularly the Peruvians, charge the result to an intrigue with a lady.

WELL STATED.—The *Courier and Enquirer* says there is no occasion for business affairs to assume a worse shape. The banks must grant indulgence to those who have payments to make on discounted bills. Creditors must pursue the same course and be liberal to their debtors.—Those holding collection papers must give time to the payers. The payments and receipts must necessarily balance each other.

CROPS IN ROCK COUNTY.—A correspondent of the Detroit *Free Press*, writing from Janesville under date of September 18th, says:

Such splendid country my eyes never beheld before. Such farms and fields of grain, as are scattered all over Jefferson and Rock prairies, are enough to exhilarate any farmer with the least particle of enthusiasm in his composition.

At the State Fair, which is to be held in Janesville this week, Rock county will display all her jewels. It will be worth while traveling a long distance to see the sight.

BANKING IN THE UNITED STATES.—The Bankers' Magazine states that in the year 1856, the whole amount of specie in circulation was $191,000,000; the amount of specie in the Banks $54,000,000, and the amount of bank notes in circulation was $137,000,00 .

THE OBSCENE PUBLICATION VENDER.—Judge RUSSELL, of new York, has disposed of the case of GEORGE ACKERMAN, the publisher of the *Venus Miscellany*, and dealer in obscene publications and prints. He directs the type on which he printed his paper to be knocked into "pi," and all his books, papers and prints to be burned.

Financial Matters.

The excitement of yesterday was furnished by the reported suspension of the three largest Banks in Philadelphia—the Bank of Pennsylvania, the Girard Bank and the Commercial Bank of Pennsylvania. The Bank of Pennsylvania keeps the State funds. Its capital is $1,875,000. The Girard Bank keeps the account of the city of Philadelphia and has a capital of $1,250,000.—The Commercial Bank of Pennsylvania has a capital of $1,000,000. The total capital involved in these disasters is, therefore, $4,125,000. The deposits were doubtless much larger.—*Chicago Tribune.*

From the N. Y. Times, 24th.

The tendency to improvement in money affairs, noticed at the close of business yesterday, continued to be felt until about 3 o'clock to-day, when some vague rumors, current earlier in the day, of further trouble at the East and in Philadelphia, were confirmed by telegraph. The announcement was also made at the close of the day that the Delaware, Lackawaxna and Western Railroad Company, which concern embraces one of the strongest lists of stock and bondholders in the city, would be unable to meet their maturing obligations promptly after to-day.

FAILURE OF THE CHICAGO, ST. PAUL & FOND DU LAC R. R. Co., &c.—The Chicago, St. Paul & Fond du Lac Railroad concern has failed for $1,400,000 to-day, and made an assignment to Messrs. Moses Taylor & Co. We regret to announce the suspension of the most important paper house of Persse & Brooks. They have assigned to Mr. Forrest, of Frost & Forrest. The liabilities are stated at $400,000. Messrs. Platner & Smith, paper makers, Lee, Mass., have also suspended. This is one of the largest paper concerns in the country, and shows a nominal surplus, of $400,000, mostly real estate.—*N. Y. Tribune, 24th.*

From Washington.

(Special Despatch to the N. Y. Tribune)

WASHINGTON, Sept. 23—8 P. M.

Col. Benton continues dangerously ill; his recovery is improbable.

The withdrawal of the dragoons from Lawrence has discomfited Gov. Walker, and rendered him powerless as against any party, Free State or Pro-Slavery. His resignation would surprise nobody here.

Mr. Buchanan informed a squad of Old Line Whigs last week that he regarded all thorough Hunkers as true blue Democrats, and should give the old Whigs their share of offices.

Information has been received that a general Congress representing the Spanish American countries will soon meet in Chili to devise plans for protection against American fillibusterers. Irrissarri, the Minister from Guatemala and Nicaragua here, has been ordered to attend such Congress on behalf of his Government.

BANK OF NORTH AMERICA.—There is no truth in the reported failure of the Bank of North America, Seymour, Conn. The Metropolitan Bank, N. Y. City, has always redeemed its bills, and it has the confidence of the public at home. We are assured that the rumor of its failure originated in malicious motives. There is but very little of this money in circulation in the West.—*Chicago Press.*

CITY MATTERS.

POLICE COURT, Sept. 26.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Bernhard Speare and Theodore Miller, drunk, fined $1 each.

Dennis Nichols, drunk and disorderly, fined $5.

Andrew McGarry and James Collins, same offence, fined $5 each.

George Brown, disorderly, fined $5.

Ellen Hyland, drunkenness, sent up for four months in default of $20 fine.

Peter W. Burr, drunk and disorderly, fined $5.

Michael Barnett, disorderly, fined $10.

Augustus Schultz, assault and battery, paid $5.

Joseph Carpenter, fast driving on bridge, paid $2.

Change of Railroad Time for the Fair Week.

The Superintendent of the Milwaukee & Mississippi R. R. gives notice that during this week, a train will leave this city, going West, at 6:40 A. M., taking the place of the usual 4:50 P. M. train Westward. The train will arrive at Janesville at 10:30 A. M. Returning, the train leaves Janesville at 5:30 P. M., arriving here at 9:34 P. M.

Tickets to Janesville and back may be purchased at the Stations at half price for the trip—The Conductors will collect full fare to those who do not get tickets at the Stations.

A GREAT ADO ABOUT NOTHING.—The *News* of Friday pitches into the police, and exhibits itself in a column of ungrammatical exclamations about the arrest of a man named Bluback, who was kept in the Station House one night, for being disorderly when requested to work upon one of the fire engines, at the late fire. The *News* threatened to annihilate the entire police force, claiming the fathership of the same, and stoutly asserting its right to exercise that parental authority which legitimately belongs to it! In its issue of Saturday, however, it melts to the consistency of soft soap, and administers the following candy plaster by way of condolence to its chastised young "one." Here it is:

One reason, we understand, for making the arrest, was, that when Mr. Bluback was ordered to work, he commenced to fight the officer, who thereupon arrested him.

We make these statements in justice to the Police force, who, as we have repeatedly said on former occasions, we believe mean to act in good faith.

"Look before you leap," next time, Mr. *News.*

TIN AND GALVANIZED IRON ROOFING.—In speaking of Mr. Quentin's new building a few day's since, we neglected to notice the elegant galvanized iron roof put on by Messrs. Murray Prior & Co., for the very good reason that we did not know who did the work at the time of making our notice. Messrs. Murray Prior & Co., inform us that they did the job, and it is really a creditable piece of workmanship for them, and we would take this opportunity of saying, that these gentlemen are prepared to do anything in their line in a substantial and satisfactory manner. They have done many large jobs during the short time they have been established in our city, among which are the roofing of Mr. Mitchell's new building on the corner of East Water and Michigan streets, and the building above alluded to, and they are now making another of the same kind for Mr. Cook's new bank on Michigan street.

Their place of business is on Huron street a few doors south of the Express office.

BUCKLEY'S CONCERT THIS EVENING.—Our readers will remember that Buckley's celebrated Troupe of Minstrels give a grand musical entertainment at Albany Hall this evening. These accomplished musicians, have been highly spoken of by the best judges of music in the country.—The Buffalo *Commercial Advertiser* thus notices a concert lately given by them in that city.

Mr. F. Buckley, the accomplished violinist, was enthusiastically encored in every piece he played. There were some operatic gems which were admirably given and peculiarly deserving of notice; one, the grand trio from "Lucrezia," by Mr. G. S. Buckley, Mr. Basquino, and Miss Hiffert, most deliciously rendered; and the other, a solo by Mr. Basquino, from Verdi, in which Mr. B.'s fine baritone voice shone to great advantage. The various light pieces by the other brothers Buckley were in excellent taste, and altogether the performances of the evening were highly satisfactory.

REMOVAL.—The office of the *See-Bote* has been removed from Furlong's Block to the new building on Mason street, next door to the *News* office. The *See-Bote* and *News* are on one stripe—so that it would be a pity to spoil two houses with them.

"Birds of a Feather Flock together."

EMERSON'S MAGAZINE & PUTNAM'S MONTHLY.—Kempshall sends us the first number of this magazine, since the consolidation. It retains the greencovers of Putnam, which for so long had enclosed good things for the public, and gives several capital and handsomely illustrated articles, such as Putnam gave us since it took to pictures. The magazine is calculated, by its contents, to take with the mass of the people, and will doubtless thrive.

THE RUSSELL HOUSE, DETROIT.—Everybody who visited the Capitol House, Madison, under the administration of Mr. W. H. RUSSELL, will be glad to know that he has just opened the RUSSELL HOUSE, at Detroit, and intends to keep in a style that shall make it a favorite resort with the travelling public. The House is very large, well-arranged and sumptuously furnished, and Mr. RUSSELL is a model landlord.

FOR THE STATE FAIR.—On Saturday Messrs. TURTON & SERCOMB, of the Eagle Foundry shipped one of their ten horse power oscillating Enegines for the State Fair. It is a neat and well finished piece of workmanship, and will be worthy of a prominent place on the Fair Grounds. It will be kept in operation during the Fair.

CIRCUIT COURT.—The Circuit Court was occupied all day on Saturday with the case of George McWhorter vs. the City. J. E. Arnold, and N. J. Emmons, are counsel for the plaintiff, and E. Foote for the City.

JOHN S. COLT.—This gentleman who was formerly connected with the Bank of Commerce in this city, died a few days since in New York, from the effects of a paralytic stroke. He leaves many friends in this city who will mourn his departure.

SINGER'S SEWING MACHINES.—Attention is invited to the advertisement of these celebrated machines. They are for sale at No. 89, Spring Street, near the American House, where they may be seen in operation.

CONCERT OF THE MUSICAL SOCIETY.—The members of the Milwaukee Musical Society give their 77th Concert at Young's Hall to-morrow night.—The programme as usual will be a good one.

LARCENY.—A servant girl was arrested on Saturday evening, on the charge of stealing money from her employer, in the 4th Ward. Her name is Mena Walter, and we believe she is a German.

STEALING LUMBER.—On Saturday night, about twelve o'clock, a man named John Monk, was arrested by policeman Gruber, for stealing lumber from a new building in the 8th Ward.

☞ The *See Bote* falls into the same error as the *Wisconsin* in stating that the Fox Lake, instead of the Fox River Bank, had suspended.

MEETING OF THE COMMON COUNCIL.—The Board of Aldermen meet this evening at the Council Council Hall in Excelsior Block,

Sledge's Climatology of the U. S.

For the Sentinel.

We regard this as one of the most valuable, useful, interesting, and best got-up books that has recently appeared in our country. It is the result of much original research and discussion of the meteorological observations which are now so numerous, and have been continued so long as to yield much ripe fruit—a taste of which is here presented to the public. The maps showing the sinuous course of the isothermal lines are very beautiful, far exceeding in this respect anything heretofore attempted out of Europe. These lines west from Lake Michigan diverge rapidly to the northward so that the line for 50° mean annual temperature runs exactly on the route of the proposed Pacific Rail Road, Nebraska, in latitude 48°, has a mean annual temperature equal to that of Milwaukee on the 43d parallel.

But it would require too much space to even enumerate the points touched or established in this book that are of vital interest to the people of Wisconsin. I will only mention the following, and recommend all to send for a copy of the work for themselves.

In the chapter on storms, Mr. Sledge discovers that in the vicinity of the lakes there is presented opportunity than elsewhere to profit by the knowledge we have of their character. From Milwaukee to Detroit, Cleveland, and Buffalo the communication is very direct and the succession of events quite uniform.

The barometer here is of less use than at sea, though always of great value, because some of the short and violent gales are scarcely indicated by it. A violent northwest gale at Milwaukee is certain to be felt with some force a few hours later at Detroit; and one violent at Detroit is equally certain to be felt severely at Buffalo. Northwesterly gales are always to be dreaded on the lake on the winds direction, and they rarely fail to go to Buffalo from any point of the lakes westward. Northeast winds recede eastward—in short, all the phenomena travel eastwardly in all cases at a rate not less than twenty miles an hour, and usually at thirty or forty in the season of high west winds or in the winter.

A thorough knowledge of the nature of these gales or storms, with the aid of the barometer and the telegraph, might enable us to avoid many of the disasters now unfortunately so common on the lakes.

☞ Read the advertisement of CALEB WARD, this morning. He offers, from what he says, one of the best of Farms with all the stock and all the Furniture, &c. &c., a great chance. Pine Lake, upon which said Farm is situated, is a very lovely spot. Go and see CALEB, and then go and see the Farm, and you can judge for yourself.

TABB HERB.—Dr. Pitcher has returned to the Tremont House, Chicago, where may be obtained Old Dr. James' wonderful and celebrated extract of Cherokee Herbs.—His son-in-law, Dr. Thomas Tatem, will supply you with either, personally or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats.—We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tatem a note through the Chicago Post Office, enclosing four stamps, (12 cents), a recipe will be sent in return, free of charge, to any part of the Union.

☞ Many kinds of Tonics are advertised that we are assured will strengthen the hair and prevent its falling out, but none that we have seen made does *all* that it promises, save that of Prof. Geo. O. Wood's. This we know is good for all they profess it to be, and in several cases is truly beneficial to the hair. Dr. Wood was kind enough to send us a couple of bottles, and after finding that it prevented our hair from falling out, we procured a bottle for a friend who had been bald for at least thirty years; it has restored his hair entirely, and it is now as thick and glossy as when he was twenty-five. This we say in all sincerity, and we shall be glad to have one of our readers try it, as we believe it will do for the hair, it professes to be. For real worth, Wood's Hair Restorative is undoubtedly the best preparation now in use for restoring hair on bald heads, changing grey hairs to their original color, and for a soft smooth set of whiskers, it is fast taking the place of other preparations.—No toilet now a-days is complete without it.

☞ If any one should see us wheel in our opposition, armed as by an impenetrable ken, say the best & most convenient compound remedy for preserving and beautifying the hair and restoring grey hairs to its original color, and the locks to the bald headed, we should without hesitation say P. S. F. J. Wood's Hair Restorative. See advertisement in another column.—*Louisville Journal.*—Sold by all Druggists.

The Financial Excitement in Philadelphia.

PHILADELPHIA, Sept. 26—8 P. M.

Third and Chestnut streets, are again the scene of excitement; crowds surrounding the Saving institutions before 9 A. M. They decline paying out deposits, requiring two weeks notice.

The banks were besieged before 10 o'clock.—The Pennsylvania Bank has re-opened, and is transacting business, but paying no specie.

The Mechanics' Bank is paying specie for Ten's.

The Girard Bank refuses to do any business, and renders no satisfaction to depositors and bill holders.

The Girard Bank has now come to terms, partially, redeeming Five's with specie, but refusing to honor checks on deposits.

Most of the other banks were making checks good. There is no concert of action among the banks; each is apparently taking a different course.

The Bank of North America is paying specie for Ten's, but is issuing no notes or checks.

The Bank of Commerce is refusing specie, but is paying notes for checks.

Philadelphia, Sept. 26—11:15 A. M.

The Girard Bank is now paying specie for Five's, and certifying checks.

Additional excitement was produced by the news from Baltimore of the suspensions there.

The Tradesman's Bank is paying everything, checks and all.

The Bank of North America is paying all its notes. It received specie from New York last night, and it represents that they have more in their vaults than the amount of bills out-standing, and they are certifying checks.

The following Banks are paying specie for Five's:—

The Commercial, Manufacturers', Mechanics,' and Philadelphia.

The North Liberty, and Western, pay specie for Five's in case of necessity.

The Bank of Penn Township, and the City and Consolidation pay nothing. All banks, however, except the Girard, certify checks.

The Girard has entirely suspended business.—Some of the Banks will receive no deposits.

ADDITIONAL TO PHILADELPHIA.—The Board of Brokers passed a resolution this morning to the effect that all settlements on the purchase of stocks may be made by certified checks on any of the City Banks current, on the day of settlement.

Private despatches say that the banks in Reading and Pittsburgh have suspended. The Rough Ward Bank pays specie for all its bills. The Bank of Kensington pays specie for Five's.

BALTIMORE, Sept. 26—2 P. M.

All is quiet about the banks now. A large number of brokers arrived here this morning. The Banks are now buying the checks of depositors, and redeeming notes. A meeting of presidents will be held at ten o'clock, when it is thought they will suspend payment in all sums over ten dollars. There is now no excitement.

BALTIMORE, Sept. 26—3 P. M.

Second Despatch.—The Presidents of all the City Banks had a meeting this morning, and resolved to suspend specie payments. The suspension is total.

Additional:

The suspension since ten, is total, with the exception of accommodating Bank customers with a few dollars of change. There is no run upon the Savings Banks. We have but three of them, and even the most ignorant know them to be as strong as the mint. The merchants seem to be gratified with the suspension. Money in the streets yesterday was at 2½ per ct. premium, but has fallen to 1 per cent to-day. The stocks of the Baltimore & Ohio R. R. has advanced $5 a share.

BOSTON, Sept. 26—3 P. M.

There are no signs yet of any bank suspensions. Our banks, and indeed of all New England, are unusually strong, and it is believed they will successfully resist all pressure.

NEW YORK, Sept. 26—3 P. M.

Our Banks are all strong, and the utmost confidence is existing between them. The course of exchange on Philadelphia is at a complete stand. The only figure heard of is an offer to sell Philadelphia funds at ten per cent discount.

The Banks have issued a circular on account of the suspension of the Philadelphia banks notifying their customers that all collections out of the city of N. Y., will, at maturing, at the option of the dealers, be received, or if paid, be subject to drafts of the Bankers, payable in funds current at the time.

The Collins' steamer Baltic sailed at noon, for Liverpool, with 50 passengers, including Beverly Tucker, U. S. Consul for Liverpool, and finally—cut no specie.

TORONTO, Sept. 26—3 P. M.

The stables of the omnibus proprietors were burned this morning, by an incendiary. No insurance. Stock partially saved. Loss heavy.

WASHINGTON, Sept. 26—3 P. M.

The officers of the Navy and Marine Corps at Washington, held a meeting yesterday, to give expression to their sympathy for the untimely death of Capt. Herndon.

Successors to Ministers Dodge, Mason and Dallas, have been designated, but will not be appointed until the meeting of the Senate. Sidell goes to Paris, some Northern man to London; and a Southern man to Madrid.

WASHINGTON, Sept. 26—3 P. M.

The Banks of Washington suspended specie payments in everything but five's and small checks.

The Board of Directors of the Metropolis and Patriotic Banks, are now in conference, and it is not yet known what action will be taken by them.

P. S.—The Bank of the Metropolis have concluded to continue full payments, feeling themselves secure against all demands.

The Patriotic Bank is redeeming its fives, and small checks. There is a continual crowd at the Banks.

BOSTON, Sept. 26—9 P. M.

John P. Thayer, Banker, of Boston, died yesterday.

The money market presents little valuation from the ruling rates.

During the week the nett gain of coin to the Banks for the week, is little short of $300,000. The Banks are considered stronger than two weeks ago, and are believed generally in a healthy condition.

The bills of the Hopkinton Bank, Westerly, R. I., were refused at the Suffolk Bank.

PHILADELPHIA, Sept. 26—9 P. M.

A meeting of the Presidents of the Banks was held at 8 P. M.

It is reported that for want of concert of action, they adjourned without coming to any determination.

It was thought that they would determine on a final suspension, as practiced by some of the Banks to-day, but which was not general, on account of the North America, Mechanics, and some of the other Banks receiving a supply of specie.

There was also a meeting of the Cashiers of the various Banks, but their action is not known.

It is understood that application will be made to the Governor for an extra session of the Legislature, with a view of affording relief to the banks from the penalty of forfeiture of charter, imposed by the law of 1850. Several of the Banks, however, are not acting under this law, including the Pennsylvania Farmers' & Mechanics, & Philadelphia & Western.

WHEELING, Sept. 26—9. P. M.

At a meeting of the citizens of this city, held this evening, it was unanimously resolved that the banks of this city be requested to suspend specie payment until the interests of the community would justify a resumption. This action was taken in consequence of the heavy run that has been made upon the banks by foreign brokers and bankers. The banks are abundantly supplied to meet their liabilities, and no loss will be sustained by note holders and depositors in consequence of the suspension.

CINCINNATI, Sept. 26—9 P. M.

The Ohio Life & Trust Co. has made an assignment.

PHILADELPHIA, Sept. 26—9 P. M.

The Pittsburgh, Harrisburgh, Lancaster & Reading Banks have suspended.

The failure of W. R. Lovejoy & Co., clothing house on Commercial street, in this city, is announced.

BALTIMORE, Sept. 26—9. P. M

The Farmers & Mechanics Bank is cashing its notes and paying checks in notes of other banks; all the other banks are fully suspended, but still they are promising their customers with change. The excitement subsided; the issue of shinplasters is talked of, and may be resorted to.

PITTSBURGH, Sept. 26—9 P. M.

There is a concert of action amongst the Banks of Pittsburgh, in regard to future policy. All of them continue to pay coin for small demands.

The Merchants and Manufacturers' Exchange Bank, and Citizens' Bank are paying small demands made by laborers, operators and others, but refuse the demand of Banks and Bankers.

The Bank of Pittsburgh has resolved to pay in full.

WASHINGTON, Sept. 26.—9 P. M.

The Bank of Metropolis closed firm; the commercial community is generally satisfied with the course of the other Banks; all are confident of their stability and resumption at an early day.—considerable amount of deposits has been made in the Patriotic Bank, of Washington, since their suspension.

TRENTON, N. J., Sept. 26—9 P. M.

Our banks had a steady but moderate run today, and paid out about $8,000 in specie cash; they are in a very good condition. It is thought they will weather the storm.

CINCINNATI, Sept. 26—9 P. M.

Rates of Exchange and nominal sight checks cannot be bought in New York at less than five per cent.

Gold is held out of market.

No failures. The merchants all stand firm.

NEW YORK, Sept. 26—9 P. M.

Our money market was in a very excited state all day, owing to the gloomy advices received from the South.

The advice of the suspensions at Washington, Baltimore, and Philadelphia, caused much surprise, as it was generally believed that the first disastrous news would come from the East—but the market remained firm, and there are no signs of weakness from any of our banks.

The advices from Boston received this noon, were as unexpected as they were cheering.

It is believed our banks have passed the crisis, and the market closed with a steadier feeling.

There were rumors of several failures, but nothing definite.

Our Exchange Brokers were at a stand as to their business, and generally declined to fix a rate.

There was one offer to sell Philadelphia funds at one per cent discount at the first Board.

The stock market there was frightened at a panic, and stocks fell rapidly.

At the second, there was a

THE SHAWANO LAND SALES!

$150,000 Lost to the School Fund by "Democratic Malfeasance."

The *News* is entitled to the thanks of the Republican Press and of the people at large for calling attention to the extraordinary management of the land sales in Shawano and Waupaca counties, whereby the School Fund has lost *not less than one hundred and fifty thousand dollars!*—The *News* testifies that the notice of these sales was purposely deferred till the last moment; that consequently the attendance was small and competition limited; the result being that "a favored few" got the lands at less than *one-half* what they were worth. And the *News* justly holds up this gross mis-management to the censure and condemnation of the people.

Upon whom shall that condemnation be visited? The *News* says upon Gov. BASHFORD.—Why? *Because, if, the News,* is to be believed, (which it is not) "he alone has the power to fix the time of the sales of those lands, and in this instance the order (of sale) was delayed till the last moment in order that the especial friends of the Governor might have the field entirely to themselves." The case of the *News* would be perfect, if its "facts" were not, as usual, all *false.* There are two fatal flaws in its indictment against Gov. BASHFORD. First, the Governor *gave no order* for the sale; second, if he had, the Commissioners (who are all Democrats) might, at their discretion, *have withdrawn the lands from market.* That they did not do so, but let the sales proceed, at a cost of *one hundred and fifty thousand dollars* to the people of the State, is sufficiently accounted for by the fact that they are "following in the footsteps" of their "illustrious" predecessors, and were too intent upon pocketing *fat fees* to look out for the interests of the School Fund. Upon the Democratic Commissioners, then, and on them alone, rests the entire blame of the "swindle" which the *News* has brought to light.

— O! it is sport to see
The Engineer hoist with his own petard.

The *News,* in attempting to demolish Gov. BASHFORD has very successfully "blown up" its own party friends.

One new circumstance relative to these Land Sales, invented by the *News,* merits a passing notice. The Madison *Journal* has already stated that no Patent for the sale of these Swamp Lands had been received at Madison when the sales commenced, and therefore that the Governor could not, if he would, have ordered the sale. To this conclusive *fact,* the *News* opposes the following fiction:

Gov. BASHFORD secretly despatched an agent to Washington to obtain that patent, so that the lands might be sold without notice, and might be bid off by his friends, at less than one-half their real value.

Now be it remembered that the sales commenced on the 8th of September, and on the 5th of the month the Commissioner of the General Land Office, addressed the following communication to the Governor:

GENERAL LAND OFFICE,
Washington, Sept. 5, 1857.

His Excellency,
Coles Bashford,
Governor of Wisconsin,
Madison, Wisconsin:

SIR—*I have the honor to transmit herewith* patent No. 1, issued to the State of Wisconsin, under the 3d section of the act of the 2d of March, 1845, the receipt of which you will be pleased to acknowledge at your earliest convenience.

You will observe that the patent does not embrace as much land as the certificate called for.—This arises from the fact that some of the lands had been otherwise disposed of, and others were not subject to entry. In a supplemental certificate this discrepancy will be adjusted.

With great respect,
Your ob't. servant,
THOS. A. HENDRICKS,
Commissioner.

Here is a direct and "official" contradiction of the *News'* last lie. The Commissioner himself transmits the first patent, under date of the 5th, and promises supplemental ones. Of course, these patents could not, by any possibility, have reached Madison before the 9th or 10th, while the Commissioners commenced selling in Shawano and Waupaca Counties on the 8th. Need any more words be wasted on this glaring fabrication?

In conclusion the *News* says:

But we know it, and patiently awaited the developments; and they at length appear in the form of a swindle, which is very warmly defended by the "republican" press. It does us good to see them defend it. They thereby identify themselves with it.

So far from "defending," the Republican press denounce this "swindle," and charge it home upon its Democratic perpetrators. And we venture to say that if ever the *News,* or any other BASHFORD organ, makes good a single charge of corruption, or misconduct, on the part of Governor BASHFORD, the Republican press will be prompt to condemn it. Assuredly they will not imitate the conduct of their Democratic cotemporaries, who stood by BASHFORD, through thick and thin, and justified every one of the numerous "swindles" by which his Administration was disgraced, the People fleeced, the School Fund robbed, and the Treasury beggared.

RETURNING.—The Norwegians of Dane county are organizing for a firm support of the Democratic nominees. They have seen the folly and hypocrisy of Sham-Republicanism, and are now very sensibly returning to their first love. Their organ of the State capital now hoists the Democratic banner.—*La Crosse Democrat.*

What egregious stuff the democratic papers are giving their readers, to inspire them with courage! The "Norwegians of Dane county" who held a late meeting at Madison, are an association of which the greater number are democratic office holders and office seekers, born on this side of the water, and their "organ at the State capital" has never hoisted anything but the Sham-Democratic banner. The only Norwegian paper which has any extensive circulation among the Norwegians is the *Emigranten,* which has been and is Republican to the core.

Mayor Cross and Gov. Barstow—The Frauds upon the Ballot-Box.

No man familiar with Wisconsin politics can have forgotten the striking incidents of the last Gubernatorial Canvass. The contest was a close one, and although the returns, as published, showed the election of the Republican candidate for Governor, by several hundred majority, it soon began to be whispered about that the State Canvassers, who were zealous partizans of Gov. BARSTOW, the Democratic nominee, intended to give him the certificate of election *in spite* of the popular verdict. And so they did, justifying this daring act by a *bogus* canvass, stamped all over with fraud.

The Republicans resolved not to submit to the outrage. Instant measures were taken to expose the frauds and forgeries of the canvass. Incontestible evidence was obtained that "supplemental" returns of several hundred votes had been counted for Barstow from precincts *where no polls had been opened, and where no people lived!* Other equally fraudulent and iniquitous practices were proved. From the villainous decision of the Canvassers an appeal was taken to the Supreme Court. That tribunal occupied some two months in patient and impartial hearing of the case. Then they rendered their decision. It was a unanimous judgment of *ouster* against the Usurper, BARSTOW. But this bold, bad man had no thought of yielding. He prepared to maintain, by FORCE, what he had obtained by *fraud.* The Legislative caucus of his partizans resolved to stand by him. Arms were procured and distributed, by his private Secretary, to a few of his more reckless followers. And orders were sent out to the faithful, in different quarters of the State, to "back up" the usurping Governor by public meetings, resolves, &c.

Obedient to this requirement, a meeting was held at Young's Hall, in this city, on the evening of the 10th of March, 1856, to denounce the action of the Supreme Court, and sustain the usurpation of Gov. BARSTOW. BYRON KILBOURN presided, and JAMES B. CROSS, Mayor of the city, and present BARSTOW candidate for Governor, presented and read the resolutions. We copy and call attention to three of them.

Resolved, further, That we recognize William A. Barstow to be the Governor of Wisconsin, constitutionally and legally elected and chosen, and that the Supreme Court have no power or authority to investigate the acts of the Board of State Canvassers, to interfere with the Executive, either in his election or in his acts, or to declare who is or who is not the Executive, but that the Supreme Court are bound by the constitution and the laws, in common with the people, to recognize the Executive in his acts under the certificate of the Board.

Resolved, further, That the action of the Supreme Court, in assuming jurisdiction over the Executive, is a violation of the Constitution and the laws; an assault upon the form of government under which we live; upon the independence of the Executive Department and the integrity of our institutions; and that such action is a bold and high handed usurpation of judicial power but demonstrating conclusively that corruption and pandering to political partisan feeling is to be found in an elective judiciary, as well as elsewhere.

Resolved, further, That we tender our warmest thanks, and are under deep obligations to William A. Barstow, the Governor of the State of Wisconsin, for the noble and dignified stand he has taken in asserting the independence of the Executive Department entrusted to him by the people, and in defending the Constitution and Laws, against the treasonable and treacherous assaults of a partizan Court, aiming at political power, and insidiously grasping at political dominion; and thus vindicating, in his own person, the rights of the people of this State, we will sustain him *with our hearts, our voices, our votes and our strength.*

These resolutions were *voted down* by the meeting, though pronounced carried by the chair. It will be seen that they denounced, in the most bitter and vindictive terms, the just and fearless course of the Supreme Court, and pledged the meeting to sustain, by *force* if need be, the usurper BARSTOW in the Executive Office. Mr. Mayor CROSS was the putative father of these resolutions and gave them at least the sanction of his personal and official character. The threatened rebellion did not, indeed, go on. The courage of the men, who talked about appealing to arms, oozed out at their fingers' ends. The indignant voice and insulted majesty of the people awed and confounded the conspirators. Gov BARSTOW, taking counsel of "a sober, second thought," *resigned.* Lt. Gov. MCARTHUR, after a brief and inglorious reign, submitted to "constructive force" and vacated the Executive Chamber.

Messrs. KILBOURN, CROSS & Co., the valorous backers of the usurping Governor, discreetly retreated with their chief. The ballot box was vindicated, the will of the people enforced, and Gov. BASHFORD installed in the office to which he had been fairly elected.

But though this treason against the State was nipped in the bud, though the conspirators were utterly crushed by the overwhelming power of public opinion; and, though yielding to this irresistible force, they fled the field, their offence is not forgotten. And foremost among them was Mr. JAMES B. CROSS, who prostituted his official influence and station to the nefarious object of upholding the Usurper BARSTOW, against the verdict of the ballot-box, against the will of the people, against the judgment of the Supreme Court, and against the peace and dignity of the State. And now that *he* appeals to the ballot box; now that *he* invokes the support of the people; now that *he* asks to be entrusted with the chief Executive power of the State, shall not this great crime, yet unatoned for, rise up in judgment against him, and that popular voice, which he derided and defied, pronounce upon him the same verdict which overwhelmed the usurper BARSTOW?

A Proselyting Journal.

The *American,* which was suddenly (between two days) and suspiciously converted from the error of its ways, and has been finally received by the *News* into the Barstow fold, is laboring, with all the zeal of a new convert, to reclaim other disaffected democrats and reconcile them to the true political church. On Thursday it addressed an affectionate exhortation to the Madison *Patriot,* to follow its rotary movement and run up the Cross ticket, "ere it was too late."—On Friday and Saturday it made a special appeal to Dr. HEUBSCHMANN and the German Democracy, to give up their "Reform" movement, forego their opposition to the Barstow cheque and shut their eyes and swallow "Cuoss and School Land!" As yet, we regret to say, the proselyting labors of the *American* have borne no fruit; and the "German Democracy" are by no means inclined to listen to counsels from that quarter.—But perseverance may do wonders, and it is not impossible that even the Madison *Patriot* may turn a listening ear to the persuasive accents of the *American.*

☞ The *Sentinel* drags to light the rather pregnant fact that first among the list of signers to a petition to a former legislature to submit the question of negro suffrage to a vote of the people, stands the name of JAMES B. CROSS, the present democratic candidate for Governor.—*Free Democrat.*

It was the late Legislature that Mr. CROSS petitioned to pass the Free Suffrage act, and it was in accordance with this petition that the Legislature passed the bill submitting the question to the people. Of course, according to the *News, Argus,* and other BARSTOW prints, Mr. CROSS, like the "Black Republicans," must be in favor of "Negro Equality."

SETTLERS ON THE "EVEN SECTIONS."—A convention of settlers on the even sections along the line of the Fox River improvement was held at Oshkosh on the 25th, for the purpose of memorializing Congress to confer the title of these lands upon the Improvement Company, so that the settlers, who have very generally paid for their homesteads, may without further delay obtain a full title from the Company.

LARGE CONTRACT.—Messrs. M. & J. H. Buck, of Lebanon, N. H., the other day took a contract for building 2000 of Allen's Patent Mowing Machines for the next season, amounting to between one and two hundred thousand dollars.

The News on "Bribing."

Having formally and specifically charged the La Crosse & Milwaukee R. R. Company with bribing our Governor and Legislature, last fall, and thus securing the Land Grant, the *News* now attempts to show, in extenuation of the alleged offence, that the "bribers" were, in fact, the victims of the "bribed," and are therefore to be held guiltless. It reasons thus on the subject:

Every honorable man deplores bribery in all its shapes; it has, among upright men, no advocates. But as bribery is sometimes practiced when really an excuse for it seems to exist, and yet as it must ever be reprehensible, the enquiry we propose will be profitable. It is this; the Governor and Legislature inform a leading State interest, a great corporation, that they are at the service of the highest bidder, and if such great interest or corporation avails itself of the hint of the Governor and Legislature—who is guilty? Are the bribers and the bribed to be regarded in the same light?

The people, we think, will hardly agree in this view of the matter. On the contrary, they will be very apt to think and to say that—if the facts charged by the *News* be true—"bribers" and "bribed," the Railroad Company and those whom it bought, are equally guilty.

The *News,* which professes to have been "inside the ring" and to have known all the arrangements, thus explains how the "bribe" came to be offered and paid:

Among the applicants for the Land Grant, was the La Crosse and Milwaukee Company, whose directors believed that the State could not do better than to give the Land Grant to it. And we believe that a respectable proportion of the people of the State coincided with them in this opinion. Accordingly every argument was urged, all the expedients known to legislative tactics were tried, to induce the legislature to pass their bill, and Gov. Bashford to sign it; but to no purpose. What next? *Word came straight to the Directors of the La Crosse Company that* FOR A CONSIDERATION the Legislature and Governor would give them the Land Grant. In the first instance, then, the Government is the briber. A bargain is made. Did Gov. Bashford receive $50,000 in bonds, and $10,000 in cash?

Here is the spectacle! If this "presentiment" is true—and who will deny it?—the Government caused the directors of the La Crosse R. R. Co. to understand that FOR A CONSIDERATION they would secure to them the objects of their prayer.

This "presentiment" has been again and again "denied" and the *News* challenged to prove its charge. But no proof is forthcoming. The *News,* indeed, iterates and reiterates its assertions. But what are they worth? Not a feather's weight.

If, then, the *News* have evidence to convict the La Crosse & Milwaukee R. R. Company of "bribery," and the Executive and Legislature of "corruption," let it produce it. Give us the names and the items. We undertake to say that no Republican press will defend, or extenuate the wrong, if wrong be shown. On the other hand, in the absence of all proof, the public will rightly treat these persistent attacks of the *News* upon the La Crosse Company and Gov. BASHFORD, as gross and malicious calumnies, manufactured for political effect and published and circulated in reckless disregard of the injury they may work to the credit of the Company and the State.

Lastly, the *News* lays down this extraordinary proposition:

And now we ask, who is to blame for this corruption? The black republican government or a private corporation? There cannot be two answers to this question. We do not wish the people to approve the course of the private corporation; neither do we ask that it be disapproved. There will be various opinions on the point *whether a corporation is not justified in buying the votes of legislators and the signature of a governor,* if such *dignitaries* cannot be otherwise induced to perform their duties.

There can be no two opinions on this point among the people, whatever the *News* may think on the subject. Nor will the plea of the *News* avail the "private corporation," if the charge it makes against them be true. But once more we call for the proof.

Various News Items.

The cost of the U. S. sloop-of-war to be built at New York by Mr. Westervelt, is $540,000.

The Mormon newspaper for some time past published in New York city is dead.

Nearly 700 men are at work in the Central Park in New York.

The large number of 139,935 immigrants have landed at New York this year, an increase of 41,000 over last year.

The number of troops already sent out and ordered to India, by the British government is 87,000. England is about to open recruiting stations in the German states.

Letters from Lady Franklin's steamer *Fox* have been received from a port in Greenland—all well. They report severe weather in Baffin's Bay, which kept the ice comparatively clear.

The Mediterranean cable to Africa was laid from Cape Bona to Cape Tenlada, a distance of 145 miles.

The U. S. Treasury is ready to purchase such certificates of United States loans of 1842, 1847 and 1848, and Texas indemnity five per cent. stock, as may be presented previous to the first of November, at the rates heretofore fixed and paid, together with the interest accrued in each case since the first of July.

Population of Canada.

A statement has been published showing the population of Upper and Lower Canada in 1861, and the estimated increase up till 1st of January, 1857. The supposed increase is based on returns made to the Bureau of Agriculture and Statistics. We append the totals:

Total population of Lower Canada in 1851	890,261
Total population of Upper Canada	952,004
	1,842,265
Total estimated population of Lower Canada up to 1st January, 1857	1,220,514
Total estimated population of Upper Canada up to 1st January, 1857	1,350,923
	2,571,437
Total estimated increase of population in Canada in five years	729,172

LARGE DONATION.—The Buffalo *Courier* learns that Mr. HENRY DWIGHT, who died a few days since at Geneva, N. Y. bequeathed the sum of one hundred thousand dollars to the American Board of Missions, and fifty thousand dollars each to his three children. Mr. DWIGHT was originally a Presbyterian clergyman, but losing his voice became a banker, and was made President of the bank of Geneva, which he managed successfully for many years.

☞ The Milwaukee *American* of yesterday, came into the Barstow fold and takes up the cry of the Cross. It says:

Our readers will notice that we have run up the regular Democratic ticket, and enter the field to battle for the Democratic cause. Our Beacon is our Motto.

The word "beacon" is evidently a misprint for "*bacon.*"—*Madison Journal.*

THE DEMOCRATIC ORDER OF CONSEQUENCE.—In the reported and accepted list of the Standing Committees of the Bogus Democratic Kansas Convention, the subject of "Slavery" stands No. 4, while that of the "*Bill of Rights*" stands No. 5. This is in Buchanan's day. 'Twas not so in Jefferson's.—*Albany Evening Journal.*

THE QUALIFICATION FOR DEMOCRATIC OFFICE.—Surveyor General Calhoun's candidate for printer to the Convention, now brooding in Lecompton, Kansas, was elected, for the sole reason, as openly urged in debate, that "he was a reliable Pro-Slavery man." This qualification for Democratic office is not Territorial alone, but Federal as well. It is as essential at Washington as in Kansas.—*Albany Journal.*

ONTARIO BANK—CANADA MONEY.—We notice the establishment of the "Ontario Bank" in Bowmanville, C. W., with a capital of $1,000,000. Hon. John Simpson, formerly manager of the Bank of Montreal in that town, and Alex. Simpson, Esq., late Cashier of the same institution, at the head office in Montreal, are connected with it, the former is President, and the latter is a Director. The Bank opened for business under favorable auspices on the 1st inst, and already we observe its bills have found their way to Chicago and the west for the purchase of our products.—*Chicago Tribune, Sept. 25th.*

Washington Investments in Wisconsin—Health of Col. Benton—The New Republican Paper.

The Washington correspondent of the Boston *Traveller* writes as follows, under date of Sept. 19th:

So general has the Western land speculation infected our moneyed men, that their available funds have been locked up for some time. Two firms have invested $400,000 in the new city of St. Croix, in Wisconsin, in what seems to be a very successful venture, and which doubtless will prove so, if they can stand the present pressure. Much money is also invested in land warrants, which are now down to a very low point. In fact, the money market is very tight. Street rates are five per cent, and even before the panic, money was hard to raise at that figure. If it were not for the amount monthly disbursed by government, there would be a tremendous crash very soon.

Col. Benton now seems to be in a fair way for recovery. But he has suffered such a heavy strain upon his constitution that it is very doubtful if he gains strength sufficient to finish the work that has lately engrossed so much of his attention. Drs. Hall and May have little doubt of his recovery from his present prostration, but they seem to think that he will be subject to similar attacks upon the slightest imprudence.

The new paper "The Republic" is issued for the first time to-day. Its editors, Mr. Goodloe, of North Carolina, and Mr. Weston, of Maine, intend to give it their sole attention, and to make it a reliable Republican paper. It is printed by Buell & Blanchard, who also print the "Era," and it is regarded by the Republican Association of this city as a paper which they can endorse. Mr. Goodloe is well known as one of the most able political statisticians of the day. His articles in the "Tribune" and the "Era" have been quoted far and wide. It is hoped we shall hear from him more frequently than before, now that he has assumed the editorial chair. Of Mr. Weston as an editor, it is unnecessary to speak, as his prowess in Augusta will not soon be forgotten.

As to the weather—it is too intolerable to speak of it with calmness; and we cannot be sufficiently cool to speak of it without indignation, for the thermometers, like provisions, remain at so high a point, that it seems to be fashionable to those who do not in person suffer from its effects. Of course, disease is superinduced. Fever and ague is quite in fashion, and Typhus and Billious Fevers are not uncommon. Hoping for a breeze from the North, I remain yours in a state of perspiration. ALPHA.

GALENA, ILLINOIS.—Our sister city of Galena is, if not exactly a city set on a hill, certainly a city built in the side of a hill, the steepness and the ugly, rocky nature of which would have deterred almost anybody, except such persevering men as built Galena, from attempting the job.—B. F. TAYLOR, one of the editors of the Chicago *Journal,* lately arrived at the city in the early morning, and thus records his impression:

The houses cluster around the hills like swarms of bees upon a group of hives; and everywhere, from base to summit, the fires had been kindled, and colonades of smoke rose into the keen air.

From below, along the banks of Galena River, they rose blue as heaven, to the sun had not touched them there. Street after street above, they turned ruby, crimson, golden in the light; the windows shone like plates of burnished brass; and there before our eyes, a city in the air, where we had built so oft, our castles. It was a city among the clouds. Spires pierced the glorious volumes; homes were seen amid the clefts of crimson; wreathes of pink and pearl half hid the thresholds; windows seemed opening out of heaven.

* * * 'Such a getting up stairs' as Galena is, to be sure. Up stairs to bed, to church, to dinner and the grave; up stairs to this street and down stairs to that. One man's second floor is another man's first; you aspire two flights to sleep, and somebody, no Zaccheus, looks down upon your chimney-top from his all-le-walk over all. The lady at the third story window over across, is your *vis-a-vis,* as you enjoy 'the cool of the evening' or 'the top of the morning,' in your garden. Galena is an epitome of life; a city of ups and downs.

Randall and Cross—Their Record.

RANDALL, the Republican, and Cross, the Barstow candidate for Governor, were both members of the Legislature of 1855. It was during that session that the attempt to investigate, expose, and check the wholesale corruption of the Barstow administration began. It was during that session that the Lunatic Asylum swindle was thwarted, and that the bill for investigating the affairs of the Treasury and other Departments were passed, and received the veto of Gov. Barstow, and the disclosure of the defalcation thus postponed through another year of peculation and misrule.

The people should read the official record of the proceedings and mark the recorded votes of the two candidates. In every instance they will find the name of RANDALL recorded in favor of investigation, and against the iniquitous measures by which the administration sought to enrich itself at the expese of the people. With a parallel consistency, in every instance they will find the name of Cross recorded against the investigation and in favor of the schemes of "the Forty."

Mr. RANDALL voted *for* investigating the Lunatic Asylum Contract; Mr. CROSS voted *against* investigating it.

Mr. RANDALL voted against sustaining the Governor's veto of the bill for investigating the affairs of the Treasury, &c. Mr. CROSS voted to sustain the veto and cover up the defalcation and fraud.

Such are the two candidates for the suffrages of the people—the one uniformly voting for investigation and a vigilant watch over the conduct of public officers, already strongly suspected and subsequently convicted of gross misfeasance in office; the other as uniformly voting against investigation and to conceal defalcation and misfeasance. Can there be a doubt as to the choice of the free, intelligent, honest electors of Wisconsin?—*Madison Patriot,* (*Dem.*)

AID THE MERCHANTS.—The merchants of Grant county, we know most of them, have long accommodated farmers, particularly industrious beginners in the world, to the utmost extent of their power and ability. Many of our merchants are human men—feeling a hearty good will towards the upright and industrious of their customers. Thus our country merchants are largely indebted to their wholesale dealers for goods, which goods have been sold, and consumed by farmers. In fact, the goods and wares now charged on the retailers' books and consumed, are changed into horses, cattle, grain, &c., in the process of living and earning such farm products. Now, what we are aiming at is to prove to the country customer, farmer, mechanic, or miner, that he justly owes the merchant for his crops and good luck, and is in honor bound to pay first those to whom he is most honorably indebted. The merchants are cramped—cramped seriously as a result of their good will and aid rendered farmers in the time of need. Now is the time to help merchants by all that is honorable and just. The crisis will bear first on them, and then they will be compelled to push on you, farmers, and finally you will have to crowd all round to save yourselves. Help the merchant but as a matter of self-defence; if you fail to pay, he must fail, all must fail. Keep up the merchant and all will be safe and sound.—*Grant Co. Herald.*

INCIDENTS & ACCIDENTS ON THE GEORGIA RAILROAD.—Two gentlemen jumped from the down passenger train on the Georgia Road last night under very strange and deplorable circumstances.

The first—a Mr. Kent of Mies; on his way to Virginia, with his wife and children—was seen just above Rutledge to start up from sleep, and rushing out, jumped from the train. His wife was in the saloon, and the Conductor was not informed of the occurrence until the train reached Greensborough. No intelligence has been received from him, and his wife is at the Planter's Hotel waiting with a painful anxiety to hear his fate. He was a sober man, and it is thought was in a fit of somnambulism.

Two miles this side of Greensborough, a Mr. Lewis, lately of La Grange, a very nervous and decrepid gentleman, rushed from the car in a fit of drunken excitement, and had his leg badly broken. Another, who was his companion, could hardly be kept on the train, and was locked up on his passage over the S. C. Road to-day. A sad chapter of incidents for one train truly.—[Augusta (Ga.) Sept. 12th.

INFORMATION WANTED OF ANDREW MURDOCH.—The mother and friends of ANDEW MURDOCH, of Old Cumnock, Scotland, are anxious to ascertain where he is. It is about three years since his mother received any tidings of him, and then he was in Boston, but was about to leave that city, and promised to write from his new location. Nothing more has been heard of him, except a statement from James Welsh, of Hamilton, Canada West, who says that he was last year in Wisconsin. It is hoped that if the young man is alive, he will not fail to communicate with his mother immediately: either directly or through Robert McGavin, of Manitowoc, Wis.

THE RAILROAD SOUTHWARD.—The Surveying party is now well up towards Menasha. We understand that they find the ground very favorable for the route. Two bridges—one at or near Wright's, and the other across the "Kankepot," nearly opposite the upper Kaukauna—are the only ones to be built. The owners of the Kaukauna and Menasha plank road have offered the grade to the railroad company, and for several miles it will be adopted. It is an air line nearly, and almost ready for the ties and rails.—*Green Bay Advocate.*

THE DAILY SENTINEL.

The New Territory of Dacotah.

The last Congress, it will be remembered, erected a new Territory under the name of Dacotah, and we condense the following facts, of interest to our reader, from a late number of the *Independent* at Sergeant's Bluff:

This new Territory bids fair to be a field of enterprise which will soon command much attention. It includes a great part of the valley of the Sioux, the valleys of the James and Vermillion Rivers, and large tracts of beauti ul bottom lands lying on the Missouri, particularly that beautiful tract of country known as the Vermillion prairie.

The mouth of the Big Sioux River is about eight miles northwest of Sergeants Bluff, and will be the southwest corner of the Territory.

The prevailing want of this entire region is timber. Its chief attractions are fertile soil, pure air and water, and unusually healthy climate; and it is believed also to possess an abundance of mineral coal. The portion lying on the Big Sioux is an undulating prairie, containing a few small tracts of hardwood timber. It is abundantly watered with springs and numerous small creeks, while the Sioux and its larger tributaries furnish ample water-power. The falls of the Sioux, at the northwest corner of Iowa, in particular, offers one of the finest water-powers in the West. For the last forty miles of its course the Sioux winds its way through a tract of bottom land of great extent and almost unsurpassed fertility, and in many place amply timbered.

This tract of country may be described as a triangle, having its base on the Sioux and its apex on the Missouri at a point a few miles below the mouth of the L'Eau Qui Court River, and must unquestionably form the seat of empire in the new Territory. Thither the eyes of speculators and adventurers are eagerly turned, and hundreds and thousands are only awaiting the purchase of these lands from the Indians by government to press its virgin soil and make it the theatre of new enterprise, and the certain means of acquiring wealth and advanced position.

In regard to the climate, it is a well known fact that westward it becomes milder, so much so that the winters in the northwestern portion of Dacotah are probably not more severe than in Northern Pennsylvania.

THE EARLY METHODISTS.—City Road Chapel in London, contains the monuments erected to the chief heroes of early Methodism. On the right of the Chancel, beneath the Lord's prayer, are the tablets erected to the memory of Rev. Wesley, Adam Clarke, Thomas Coke and Richard Watson. On the left, beneath the ten commandments, are those of Chas. Wesley, John Fletcher and Joseph Benson. In the centre of the graveyard, just back of the pulpit, reposes the dust of Rev. John Wesley. Just beside Mr. Wesley's grave is the vault and monument of Dr. Clarke.

Nothing ever grows old in memory; the little boy that died, so long ago, is an eternal child; and ever as he crept over the threshold of God's gates ajar, at the beckoning of the Lord, so ever in the heart his parting look, with heaven shining full upon his brow: the beauty that the heart grew warm beholding in life's forenoon, when dews were on the world, and played the truant with some angel, remains untouched by time, even as the unrent sky that let the wanderer in.—*Ainsworth.*

The passions of mankind are partly protective, partly beneficent, like the chaff and grain of the corn; but none without their use, none without nobleness when seen in balanced unity with the rest of the spirit which they are charged to defend. —*Ruskin.*

REAL ESTATE,
Office, No. 1 Kneeland's Block.

CITY LOTS. LOTS. LOTS. LOTS. LOTS. PALMER & CO'S Addition. One mile and a half from the Spring street Bridge.	We have laid off the balance of our property purchased on Spring street into lots, and now offer them on the same terms as heretofore, viz:—*On each hundred dollars of purchase money one dollar to be paid in advance, and three dollars per month thereafter until paid WITHOUT INTEREST.* The lots are beautifully situated on high ground in a healthful locality, and embraces some of the finest views about the city. They will bear examination.

The very low prices at which they will be sold, together with the terms, commend them to the attention of all classes who desire a home and exemption from rent.—Young men, mechanics and laboring men, and others, of small means have here an opportunity to invest that in which their reason. We have an agent on the property every day, after 8 P. M., to show the lots.

TEN YEARS'
ACQUAINTANCE WITH
Wells Cement Roofing.

STURTEVANT'S are herewith and have heretofore been presented to the public, wherein to our material has been used any substitute for the same, and that the misrepresentations of the designing and unscrupulous have failed to seriously injure its reputation or impair the confidence of a discriminating public.
It is very well known that a large number of the most elegant residences, commercial blocks and public edifices ever erected in this city are under the protection of the *fire and water-proof roofing*, and that it has given such universal satisfaction here as elsewhere, that the demand for it this season is more than double what it was last year, notwithstanding the strenuous efforts made to introduce various other articles for a similar purpose.
SYRACUSE, June 15th 1857.
The undersigned has been acquainted with Wells Galvanic Cement, for nearly *ten years* past, and has and it applied it in buildings in several instances. He is the only roofing that has stood any test, and is the *most proof qualities* that he has applied it to some new buildings which he has erected during the past winter and spring.
There is no doubt but the *cement* is in better repute here *than ever before.* A. CRIPPEN.
SYRACUSE, June 19th 1857.
This may certify that I have a building covered with Wells Galvanic Cement some *four years* ago, and at the time of its destruction by fire last fall the roof was perfectly tight.
I never had occasion in recommending the cement to those who wish to procure good and lasting roofs.
N. B. When the building was burned, the *roof did not take fire at all* until the roof boards burnt through.
ALEXANDER COLT.
SYRACUSE, June 19, 1857.
The undersigned occupied a building covered with Wells Galvanic Cement some *four years* ago, and at the time of its destruction by fire last fall the roof was perfectly tight.
The roof had been on for some time, and was as good at the time of the fire as when first put on. The fire was driven in per on torrents of flame completely upon the roof so that the roof boards were burnt completely through; *there could not have been a more thorough test by fire and nothing could have stood the test more than the Wells Cement.*
E. D. MUNSON.
G. F. JOHNSON.
SYRACUSE, June 15, 1857.
Wells Cement Roofing is more extensively used here and in all the large towns in this part of the State.
This roofing compositions rests upon its own merits, and *where it has been used, needs no recommend.* There are hundreds who have had roofs on from *three to five years and none have failed.* Those who have done it *will last twice as long as the best slate.*
N. F. GRAVES.
SYRACUSE, July 18, 1857.
I have been a resident here since 1824, and have *seen a hundred roofs* put on and taken off. I have also had a roof on my residence which has been on for *seven years*, and is now in good repair. Wells Cement is superior to any other I have used.
WILLIAM SILVER.
I have been extensively engaged in building, for nearly twenty years in the city of Syracuse, and have had to do with various kinds of Roofing material. I regard *Wells' Composition Roofing* as the best article for covering buildings now in use. I have had it put on to a dwelling house which I built the present season, and it has proved perfect.
GEO. CHASE.
Architect and Builder.
To the proprietors of Wells' Patent Galvanic Roofing:
GENTLEMEN—I am happy to say that the various property holders of this city who have availed themselves of your services which your agents in Composition Roofing Material afforded, and we most unreservedly and cheerfully say, that our experience and observation during a number of seasons and consequently the proof you have in numerous presented in the public through the Milwaukee press, of the *superior qualities of your roofing materials.*
J. H. Rodermund, Amasa Converse, A. B. Smith, Abbott, A. Batson, O. Alexander, M. A. Kraus, C. Hoeck, Benj. Harper, L. A. Halleman, builder, Tabor, carpenter & Co., *H. Early*, Wm. M. Smith, John Rodgers & Co., J. Stack, Fr. Metz, Hanks & Bros., engineers, W. H. Metcalf, G. Plisler & Co., Haven Brown, A. A. Stanggenthier, J. E. Ward, Cropsey, Gregory & Armour, Baker & Ibham, Chas. A. Abbe, J. H. Bowman, Metcalf, carter, Hanks & Bros., Wm. Pitts, Wm. Hall, Wm. Chandler, Dr. Brunner, E. Austin & Co., fire E. Austin, H. A. Nichols, Martin & Sugee, builders, H. Camp.
Within the past year I have put three hundred and seventy Thousand Feet of Wells Roofing, and delivered roofs. The Composition used for such improvements is known as Wells' Galvanic Cement for Roofing. I am now of the opinion that it is the cheapest as well as the best covering of this article for roofing purposes in use over any other article now in use, that I have ever taken a contract to put on the buildings erected and owned by the writer of said Wells' and Mr. Munson.
ALEXANDER MITCHELL.

From our knowledge of the composition for covering buildings, (known as "Wells' Galvanic Cement for Roofing,") which has been very extensively used in this city the past year, this prefers satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use for variety of the latest combination of the purpose.

The Newhall House and the Excelsior Block, two of the most elegant, costly and imposing structures ever erected in this city, are covered with this roofing material, and two more *perfectly tight and water-proof roofs* cannot be found *in this or any other city, whereon, builders and owners* can feel more thoroughly secure. We refer to this for obvious reasons.
Numerous town and country rights have been purchased by architects, builders and practical men, who are applying this roofing material in various parts of the state, from whom we have obtained ample orders for stock.
Individual rights, with stock and printed directions, furnished at reasonable rates, to any part of the state, which has not been disposed of.
Any amount of additional proof in relation to the superiority of this roofing material over any and every *other article* now in use, can be seen by calling at the office, 235 E. Water st.

STATE OF WISCONSIN, } IN PROBATE.
MILWAUKEE COUNTY COURT, }

In the matter of the final settlement of the estate of D. N. Neiman, deceased.

ON this 21st day of September 1857, upon reading and filing the application of John Plankinton, administrator of the estate of D. N. Neiman, deceased, praying for a final settlement of his accounts as such administrator, and that a day might be fixed, upon which to bring his final accounts, it is ordered, that said application be heard before me, at my office in the city of Milwaukee, on the 14th day of October, 1857, at 10 o'clock A.
